

The High School Brochure

The Tyger Valley Institute for Mathematical Excellence (TIME) provides you with the opportunity to fulfil your mathematical potential.

WHAT WE OFFER:

✓ **ACADEMIC DAY OFFERING** (free of charge)

During the academic day, the TIME staff works closely with the TVC staff to enhance the planning and methodology used to implement the curriculum. The TIME staff visits the academic-day maths lessons on a daily basis in order to facilitate working in smaller groups and differentiation. Thus a sense of specialised teaching and intensive teacher-pupil interaction is added to the already small classes of Tyger Valley College.

✓ **EXTRA-MATHS LESSONS**

After school, extra Maths lessons are provided at very competitive rates (see Fees). These extra lessons fall within two categories: Weekly Intensive Programmes and Revision Workshops.

The Intensive Programme:

Pupils receive **weekly** reinforcement and revision of the curriculum in groups of no more than four. "Difficult sections" as well as "test-like questions" are the focus of these sessions and folders with extra notes as well as a book of past papers are provided by the institute. Pupils are taught by enthusiastic, qualified tutors and are encouraged to contact their tutor at any time via WhatsApp when queries regarding homework arise. Thus, each pupil receives mathematical assistance well beyond the borders of TIME.

The Intensive Programme sessions are 1 hour in length for grades 7-9 while grades 10-12 have a 2 hour session per week.

These sessions are to commence on Monday the 29th of January 2018.

Revision Workshops:

Revision Workshops are targeted at the type of pupil who does not particularly need weekly guidance, but would rather like to have a revision session before a test or exam. These workshops focus on a fast-paced review of important concepts but also aim to instil study skills and develop a sense of motivation to prepare well for exams. Workshops consist of no more than ten pupils who want to improve their maths "fitness" as opposed to learning the work from scratch.

The workshops are scheduled according to demand throughout the term, and particularly in the evenings of the month prior to exams. Keep an eye out for adverts of workshops on the D6 Communicator.

There is a difference between not knowing and not knowing yet...

2018 SCHEDULE:

GET INTENSIVE PROGRAMME								
TIME	MONDAY		TUESDAY		WEDNESDAY		THURSDAY	
14:00 - 15:00	Gr 7	Gr 8	Gr 9	Gr 7	Gr 8	Gr 9	Gr 7	Gr 8
15:00 - 16:00	Gr 9		Gr 8		Gr 7		Gr 9	

**Please note that blank sessions are to be filled according to demand.*

FET INTENSIVE PROGRAMME				
TIME	MONDAY	TUESDAY	WEDNESDAY	THURSDAY
14:00 - 16:00	Gr 10, 11 & 12	Gr 10, 11 & 12	Gr 10, 11 & 12	Gr 10, 11 & 12

**There will be a short bathroom and refreshment break to divide the 2 hours.*

FEES:

Fees are to be added to one's school fee account at the end of each term and are **not** paid directly to TIME.

A registration fee of R 250 covers the resource material required (the set of TIME notes, the past paper book as well as the printing of additional worksheets throughout the term).

Intensive Programme Fees:

- Grade 7-9 costs R 1575 per term for one weekly session that is 1 hour in length (at least 10 sessions per term).
- Grade 10-12 costs R 3150 per term for one weekly session that is 2 hours in length (at least 10 sessions per term).

Workshops are sold as package deals and will be advertised closer to the time.
